

AUTOGARD® 400 SERIES UPGRADE TO F400 SERIES

SCAN ME

Legacy 400 Series
originally launched in 1987

Rexnord® Autogard 400 Series is being upgraded to F400 Series. This will have little to no impact to existing applications. You will notice that new orders for 400 Series will begin to be fulfilled with F400 Series.

- SAME COUPLING OPTIONS
- SAME AXIAL LENGTH
- SAME REVERSE-TO-RESET FUNCTIONALITY
- STILL ADJUSTABLE ON SITE

BUT NOW WITH:

- IMPROVED BORE CAPACITY *
- IMPROVED DUST COVER SUPPLIED AS STANDARD *
- IMPROVED OPERATING TEMPERATURE RANGE (NOW -30°C TO +80°C -22°F TO 176°F) *
- IMPROVED INTERNAL LUBRICATION
- INTEGRATED OVERLOAD INDICATION FROM COVER, NO ADDITIONAL SWITCH-PLATE REQUIRED *
- IMPROVED INHERENT BALANCE *

New F400 Series
launches 2023

* Improvements apply to sizes 2, 3, 4, 5
