

Why Choose Falk A+Plus Gear Drives?

Industries Served:

- Mining
- Forest Products
- Aggregate
- Food & Grain
- Cement
- Primary Metals
- Power Generation

DURABLE AND RUGGED COMPONENTS

Exclusive heavy-duty Magnum grease-purgeable seals are standard to keep oil in and keep dirt and moisture out for longer bearing life and increased uptime. Carburized and ground gearing provides exceptionally smooth and quiet operation with high-strength for a long life. High-strength all-welded steel housings provide rigidity to maintain accurate gear alignment and more resistance to shock than cast iron.

SPLIT HOUSING

A split housing allows for easier access to internal components for service without removing the gear unit from its location.

PRE-ENGINEERED PACKAGES

Save time and money with pre-engineered packages, such as shaft-mounted conveyor drives, which can save 20% over conventional mounting and avoid misalignment issues.

THREE-YEAR HEAVY-DUTY WARRANTY

The industry's first standard 3-year warranty provides full, "shaft-to-shaft" protection on all Falk® components, including bearings and seals.

Falk A+Plus® Gear Drives

- 17 unit sizes up to 5.5M lb-in (620 kNm)
- Reductions from 1.8:1 to 438:1
- Versatile design with shaft-mount, parallel, right angle and vertical configurations
- Compact split steel housing design
- Case-carburized and ground gearing
- Versatile cooling accessories, including shaft fans, electric fans, cooling tubes and heat exchangers
- Alignment-free conveyor drive available as standard package
- Continuous-duty ratings (AGMA)
- Three-year heavy-duty warranty

WHY CHOOSE REXNORD?

When it comes to providing highly engineered products that improve productivity and efficiency for industrial applications worldwide, Rexnord is the most reliable in the industry. Our commitment to customer satisfaction and superior value extends to every area of our business.

Delivering Lowest Total Cost of Ownership

The highest quality products are designed to help prevent equipment downtime, increase productivity and deliver dependable operation.

Valuable Expertise

An extensive product offering is accompanied by global sales specialists, customer service and maintenance support teams, available anytime.

Solutions to Enhance Ease of Doing Business

Our commitment to operational excellence means you benefit from getting the right products to the right place at the right time.

Process & Motion Control Products & Solutions for Your Business:

- Bearings
- Conveying Solutions
- Couplings
